# GLADIOLUS

Wholesale Price List (Revised)

**Spring 1931**

**PRAIRE VIEW GARDENS**

**GREENFIELD, IOWA**

FEB 7 1931 ★

**Read This Before Ordering**

We exercise the greatest care to have everything true to name and will replace free, or refund the money, on any stock, untrue to name. If for any reason you are dissatisfied with the stock, when received, return it and your money will be refunded including transportation charges you have paid. We want only satisfied customers.

**TERMS**—Net cash before shipment; 25 per cent deposit will hold winter orders until March 10th. Orders not fully paid will be sent C. O. D. for the balance, at the time for shipment to your locality.

## Discounts

Discounts are as follows: On all orders of \$5.00 to \$20.00 you may select EXTRA bulbs to the value of 5% of your order, and from \$20.01 up, 10% extra. In addition on all orders received before Feb. 15th accompanied with full remittance you may deduct 5% cash discount.

Twenty-five bulbs sold at the hundred rate. For price of 10 bulbs, divide the hundred price by 8. Less than 10 bulbs sold at the same rate, but no item less than 20 cents. 1,000 bulbs at 9 times the 100 rate.

5,000 bulbs, one variety, one size, 10% discount.

We sell bulblets. Ask for special quotations on your needs.

## Shipment

In as much as we have reduced our prices to the very lowest level possible they are quoted F. O. B. Greenfield except where noted and subject to stocks being unsold on receipt of orders. No charges for packing. In sending your order we will ship the cheapest way. When forwarding by parcel post we will send C. O. D. for postage charges. Express shipments will be sent collect. Do not remit payment for postage as this cannot be accurately figured.

As orders for less than \$2.00 can only be filled at a loss we can only accept orders for \$2.00 or more from this list.

All our bulbs and bulblets were semasan treated before planting and were planted on new clover land that had never before grown bulbs. All bulbs were washed and thoroughly sun cured and are free from disease. Every precaution has been taken to produce bright clean stock of the finest quality. We will not substitute as to variety, but if sold out of the sizes ordered we will substitute to the best advantage giving you full value, unless you request otherwise. Your entire satisfaction guaranteed.

If you have never sent us an order, let's get acquainted. Send us your order and if not familiar with named varieties, just send us the amount you wish to spend and we will use our best judgment and experience in selecting a representative list for you, giving you double your money's worth, just as we did Mr. L. of New York state who wrote us on Nov. 29th after receiving his bulbs as follows: "You recently sent me the following bulbs ..... which I am REORDERING and enclose \$..... to cover cost. I believe some neighbors will buy Glads of you in the spring as your bulbs outranked others we bought of similar size etc." Better be safe than sorry. We believe in the golden rule and our business is built upon that principle. Our customers are generally more than pleased with the values given as we try to slip in some of the newer varieties that they would not otherwise have selected.

We are moving our gardens from Greenfield in the spring and do not wish to move any bulbs larger than size No. 4 with us. Hence we have made our prices the lowest possible, in fact some items are quoted much below their general market value. We did not suffer from the drouth here as in many sections and harvested a 90% crop of the two largest sized bulbs. However we are limited on the two middle sizes, but have plenty of the smaller sizes of most all the varieties listed in our fall list. Take advantage of this savings and order at once while our stocks are pretty full. Liberal count and liberal grading

# BULBS PER 100—25 AT SAME RATE
